

Draft resolution

Application by MD 111-Germany to the Europa Forum 2019 in Tallinn

Topic:

Reinforcement of the position of the Chair of the Supervisory Committee at the Europa Forum

Explanation:

It is evident from some of the Europa Forums in recent years that the President of the Forum should not decide on important issues alone, but only in consultation with the Chair of the Supervisory Committee. In the absence of an agreement, the Chair of the Supervisory Committee as appointed by the International President carries authority over the President of the Forum.

Financial impact:

None
